Georgetown, TX 78628

Dear John,

Thank you for the wonderful pool and spa. Your ability to take a very unusual yard, develop a design, and capture the natural surroundings of the green belt has provided us with a very picturesque and pleasant deck area.

I would like to compliment you in a couple of areas: As I mentioned above, your ability to capture our desires in the design was excellent. We could always count on your suggestions and experience when decisions had to be made or the unexpected occurred. The design of the water feature has given us both a visual center piece to the back yard and enjoyment of the water fall. The other area is the quality of the stonework that went into the deck and patio. Your crew of artisans was creative and professional.

In closing: Your follow-up after the completion has been appreciated. I have and will continue to recommend you to anyone in need of a pool, spa or deck.

Sincerely,

A handwritten signature in black ink that reads "Paul J. Hohlstein". The signature is written in a cursive style with a prominent flourish at the end.
