To Whom It May Concern:

Lantana Homes has utilized the services of John Pack for swimming pool construction in the past three months. From the beginning of our relationship, I have found John to be honest and forthright with the information I needed in selecting a pool contractor. More importantly, during the construction phase, John continued to work hard to accomplish the type of product we were expecting and was also flexible enough to take our ideas (mine and the homeowner) and work them into the project. I believe the reason John worked so hard to please me and my client is that he enjoys what he does and takes pride in what he creates.

Therefore, I am fully confident in recommending John Pack as a swimming pool contractor to builders and homeowners, alike.

Sincerely,

Glenn M. Davis
